

No. 445.—Under the provisions of section 3 of the Indian Petroleum Act, 1910 (VII of 1910), it is proposed to make the following amendment in the rules to regulate the importation, possession and transport of petroleum, published in Part I of the *Port St. George Gazette*, dated the 27th July 1906. Section 3 hereby gives that the draft amendment will be taken into consideration on or after the 15th July 1912.

3. Any objections or suggestions which may be received from any person with respect to the draft amendment before the aforesaid date will receive due consideration.

Draft amendment to the rules for the importation, possession and transport of petroleum

To the conditions endorsed on Forms G and J and to the condition relating to petroleum, other than dangerous petroleum, endorsed on Form L the following provisions shall be added, namely:—

"Provided that petroleum which has a flash point not below 70° Fahrenheit if carried in ships to which the *Native Freighter Ships Act, 1887* (X of 1887), applies may be packed in casks, well-ventilated wooden casks of not more than 55 gallons capacity."

No. 447.—Whereas it appears that there exists among Indian labourers the Kamath and Mangray communities of Assam town, Calgary district, and that there is a likelihood of dangerous public tranquillity if either of these two communities is permitted to pass in procession through the streets of that town without a license obtained for the purpose from the Division Superintendent of Police, the Governor in Council is pleased, under sub-section 3 of section 214 of the Code of Criminal Procedure, 1898, to direct that the order of the Sub-Divisional Magistrate, Assam, dated the 20th May 1912, prohibiting processions of either of the two communities from being taken along the streets of Assam, without a license from the District Superintendent of Police, shall remain in force until further orders.

Glasgow, June 18, 1912.

No. 448.—In exercise of the powers conferred by clause (b) of sub-section (1) of section 4 of the Code of Criminal Procedure, 1898, the Governor in Council is pleased to declare that, with effect from 14th July 1912, the villages noted in column 3 of the schedule hereto appended shall cease to be included in the local area of the police stations noted in column 2 and shall form part of the local area attached to the police stations noted in column 1:—

registered before their publication, before registration under the Act, make rules in respect of the matters specified hereunder:—

(a) The appointment, qualification and powers of the directors, of the manager or secretary and of other officers of the society and the conditions under which they may be removed.

(b) The rates of premiums and contributions and the period for which and at which they are payable.

(c) The penalty for delay in paying premiums and contributions.

(d) The maximum amount payable to a subscriber or policy-holder.

(e) The amount to which a policy-holder or his representative becomes entitled on the maturity of a policy.

(f) The circumstances in which a bonus shall be payable to policy-holders.

(g) The nature of the evidence required to prove birth, marriage, death or other event on the occurrence of which the insured amount is payable.

(h) The circumstances in which policies may be forfeited and recovered and premiums and contributions already paid may be refunded.

(i) The maximum number of policies other than life assurance policies which a single person may hold.

(j) The mode of investment of the funds of the society.

(k) The allowances payable to agents or managers.

(l) The procedure to be adopted for the amendment of the rules.

(m) The appointment and remuneration of auditors.

(n) When the business of Provident Insurance is combined with other business, the properties of the business set apart for such business and for insurance.

Such rules shall be deemed to be an amendment of the registered rules of the society and a copy of them shall be sent under section 5 (1) to the Registrar within four months of the making and publication of these rules.

III. The register of members provided by section 10 of the Act shall be maintained in Form A appended to these rules.

IV. The name of a society which is required by section 12 of the Act to be displayed shall be displayed in English and in the vernacular of the district. In the case however of offices of societies at the Presidency town it will suffice if the name is displayed in English alone.

V. The returns amount and balance sheet referred to in section 13 of the Act shall be prepared in Forms B and C appended to these rules, respectively, and the certificate of verification shall be signed by the chairman and two directors of the society, the auditor, the secretary or manager, and if a society has a managing director, by the managing director.

VI. The record of insurances effected on lives other than lives of the persons insuring referred to in section 15 of the Act shall be maintained in Form D appended to these rules. The copy forwarded to the Registrar shall be signed by the chairman and two directors of the society, the secretary or manager and if the society has a managing director, by the managing director.

VII. The following fees shall be payable to the Registrar in such form as may be prescribed under the Act:—

(1) Registration of a society (section 8)

Note.—A society which has already been registered under the Indian Companies Act on payment of the prescribed fee is exempt from payment of any fee for re-registration under this Act.

(2) Registration of amendments to a rule (section 4)

Provided that no more than a single fee for the fee shall be leviable for the amendment of more than one rule when such amendment is introduced to the Registrar in the same association.

VIII. A notice or other document shall be deemed to have been duly published under the Act if it is published in the Gazette of the district in which the head office of the society is situated (and where the head office is in Madras, in the Port St. George Gazette), and in one or more newspapers circulating in all districts in which it has agencies or sub-offices.

IX. No person shall be appointed as an auditor who is a director, member, officer or agent of the society:—

(1) nor unless he either has obtained the diploma in accountancy at the Government Technical Institutions, or passed the London Chamber of Commerce and Industry examinations, or

(2) is a fellow or member either of the Institute of Chartered Accountants in England and Wales or of the Society of Accountants and Auditors (Incorporated), London, or

(3) is a retired Government Accountant with official experience of audit, or a person who has been employed in audit municipal or local fund accounts, or

(4) has practised as auditor for five years and holds a certificate of competency from a firm of Chartered Accountants, or

(5) has practised as Auditor for five years and has independently conducted not less than twenty audits of the accounts of revenueable firms or six audits of the accounts of registered companies.

X. The procedure to be adopted by a Liquidator appointed by the Registrar under section 19 shall be as under:—

(a) He shall immediately take charge of all the property, movable and immovable, and of all the documents and records belonging to the society.

(b) He shall, within seven days from his appointment, send notice by post to all persons who appear to him to be creditors of the society that a meeting of the creditors of the society will be held on a date, not being less than 14 nor more than 21 days after his appointment, and at a place and hour to be specified in the notice, and shall also advertise notice of the meeting once in the local official Gazette and once at least in some newspaper (if any) published in the district where the registered office or principal place of business of the society was situate.

(c) He may, with the sanction of the Registrar, employ such legal assistance as may be necessary in the institution or defence of any legal proceedings and such establishment as may be required.

(d) He shall submit to the Registrar a report of the progress in liquidation at such intervals as the Registrar may direct.

NOTIFICATION.

Gazetted, June 4, 1913.

The following extracts from the Government of India, Foreign Department Notification No. 141, E.B. dated 29th April 1913, published on pages 375 to 382 of Part I of the Gazette of India, 12th April 1913, are republished:—

No. 141 J.R.—Whereas the Governor General in Council has within the limits lying within the limits of Bhavnagar, Gondal, Jamnagar, Baroda, Chota, Vals, Lathi, Jalpur, Baroda, and Kotha Pitha, which have been assigned for the purposes of the Bhavnagar Railway, the Bhavnagar-Dandi section of the Gondal-Portbandar Railway and the Jamnagar Railway, respectively, the jurisdiction necessary for the administration of the said railways.

And whereas the Governor General in Council has full and exclusive jurisdiction of every land over all the other lands lying within the limits specified in the second column of the schedule annexed hereto which are, or may hereafter be, occupied by the railways specified in the first column of the said schedule (including the lands occupied by stations and out-buildings and for other railway purposes) and over all persons and things whatsoever within the said lands.

In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1860, and of all other powers enabling him in that behalf the Governor General in Council is pleased to apply to the said lands the provisions of the Indian Railways Act, 1900 (XX of 1900), and of the Indian Railway Board Act, 1905 (IV of 1905), in so far as the same may be applicable and subject to any amendments in which those Acts are for the time being subject in British India.

Provided that in the Indian Railways Act, 1900, as so applied, references to a Local Government shall be read as referring to the Government and authorities associated in the third column of the said schedule in respect to the railway lands specified in the corresponding entries in the first and second columns; and references to the Magistrate of the district in reference to the officer exercising within the railway lands in question the powers of a District Magistrate as described in the Code of Criminal Procedure, 1908.

II. In exercise of the powers conferred by sections 28, 41, 45, 56, 125 and 144, read with section 141, sub-section (1), of the Indian Railways Act, 1900, as so applied, the Governor General in Council is pleased to issue the following orders:—

1. The use of locomotives, engines or other motive power and rolling stock to be drawn or propelled thereby is restricted to all the said railways.
2. The General Rules for working upon lines of railway administered by the Government which were published in the notification of the Railway Board, No. 475, dated the 29th September 1904, shall apply to such of the said railways as are used for the public carriage of passengers, animals or goods, subject to any amendments to which the said Rules are for the time being subject in British India.

Provided that the Rules shall further be subject:—

- (a) in the case of any such railway not administered by the Government, which has partly in British India or is managed in a railway system having some portion in British India, to any modifications in force for the time being on the said part or parts in British India; and
- (b) in the case of the Bhavnagar, Gondal-Portbandar, Jamnagar, Jalpur, Baroda, Jamnagar and Baroda railways, to any modifications in force for the time being on the Bhavnagar Railway unless otherwise directed.

3. The General Rules for working railways under construction and not open for traffic, which were published in the notification of the Railway Board, No. 114, dated the 4th July 1904, shall apply to such portions of the said railways as are for the time being under construction or are intended for construction, subject to any amendments to which the said Rules are for the time being subject in British India.

No. 595.—Whereas it appears that the village of Jann Vinnayal, which has been included in the Municipal area in the district of Tanjore, situated at an insufficient distance from the town centre and derives no substantial benefit from its inclusion in the scheme:

In exercise of the power conferred by section 4 of the Madras Local Boards Act, 1894, and in accordance of so much of notification No. 121, published at page 154 of Part I-A of the Port St. George Gazette, dated the 26th May 1895, as relates to the Municipal area, the Governor in Council is pleased to exclude the said village from the said area with effect from 1st October 1913.

No. 596.—The following draft of a rule which the Governor in Council proposes to issue under clause (a) of sub-section (1) of section 250 of the Madras Town Municipalities Act, 1904, is published under sub-section (1) of section 254 of that Act for general information and comment.

Any objection or suggestion which may be made in respect of the draft rule by any person interested therein will be considered on or after 10th August 1913.

Draft Rule.

Chairmen of Municipal Councils shall, before making a transfer in the municipal register of an assessment from the name of any person to that of another, satisfy themselves as to the truth of the transfer. They may, for that purpose, in cases where the value of the property is Rs. 500 or upwards, require the applicant to produce the instrument of transfer and if he fails to do so may refuse to effect the transfer.

No. 597.—The following draft order relating to the Treasury of Charitable Endowments, Madras, the "Kosava Matha Memorial Fund" is published for the information of persons likely to be affected thereby. It will be taken into further consideration on or after the 1st August 1913:—

Draft Order.

Whereas the "Kosava Matha Memorial Fund Committee" in the Madurai district have, under section 5 (1) (a) of the Charitable Endowments Act, 1890, made an application for the setting of the said fund in the Treasury of Charitable Endowments, Madras, the Governor in Council, in exercise of his powers under section 5 (1) of the Act, do hereby order and direct that the said fund shall, after conversion into Government property by order, void in the Treasury of Charitable Endowments for the territories subject to the Government of Madras, and be held by him and his successors subject to the provisions of the said Charitable Endowments Act, 1890, and to any rules which may from time to time be framed thereunder by the Governor General of India in Council upon trust for the purpose and subject to the conditions set forth in a scheme under section 5 of the said Act for the administration of the said property.

No. 997.—The following draft of a scheme under section 5 (1) of the Charitable Endowments Act, 1892, for the administration of the "Kovve Menon Memorial Fund" referred to in notification No. 107 supra is published for the information of persons likely to be affected thereby. It will be taken into further consideration on or after the 1st August 1918:—

Draft Scheme.

Whereas the "Kovve Menon Memorial Fund Committee" in the Malabar District have, under section 5 (1) (i) of the Charitable Endowments Act, 1892, made an application for the settlement of a scheme for the administration of the said fund, the Governor in Council, in exercise of the powers conferred on him by section 5 (1) of the Act, doth hereby direct that the said property shall be administered by the Taluk Board of Malappuram, subject to the following conditions:—

- (1) The fund shall be administered by the Malappuram Taluk Board.
- (2) Price books shall be purchased annually in consultation with the Inspector of Schools to the full rates of the interest.
- (3) The books shall be read in consultation with the Inspector of Schools to the best English scholar in the highest form of the Board Secondary School, Cherpuladheri, as ascertained by the results of the annual examination.
- (4) If the Taluk Board does not at any time maintain the Secondary School, Cherpuladheri, the prize shall be awarded in consultation with the Inspector of Schools to the best boy in the highest class of the Board Elementary Boys' School, Cherpuladheri, as ascertained by the annual examination.

No. 999.—Under sub-section (1) of section 4-A of the Malabar District Municipalitys Act IV of 1884, and in modification of the existing boundaries, the Governor in Council hereby defines his intention to extend the limits of the Calicut Municipality by adopting the following boundaries.

Any objection or suggestion which may be made in respect of this extension by any person or persons interested therein should be submitted in writing to Government within six weeks from the date of publication of this notification in the district gazette.

GOVERNMENT SCHOLARSHIPS.—1912-1913

IN INDUSTRIAL SCHOOLS UNDER THE CONTROL OF THE SUPERINTENDENT OF INDUSTRIAL EDUCATION, MADRAS.

One hundred and twenty-nine scholarships will be awarded in recognised Industrial Schools and will be tenable in the classes and for the periods mentioned below:—

36 scholarships of the monthly value of Rs. 4-8-0 tenable for one year in Standard C.

36 scholarships of the monthly value of Rs. 5 tenable for one year in Standard D.

40 scholarships of the monthly value of Rs. 5 tenable for one year in the Elementary class.

16 scholarships of the monthly value of Rs. 6 tenable for two years in the Intermediate class.

8 scholarships of the monthly value of Rs. 9 tenable for two years in the Advanced class.

199

The scholarships in Standards C and D and in the Elementary Industrial classes will be awarded on the results of the examinations in Standards B, D and C respectively and those in the Intermediate and Advanced classes on the results of the Government Elementary and Intermediate Technical Examination respectively. No scholarships will be awarded on the results of the highest examination in any subject.

The conditions of award are as follows:—

- (1) These scholarships shall be awarded by the Superintendent of Industrial Education, Madras, one year previously to a recognised Industrial School. Scholarships in Industrial schools will ordinarily be given only to students of the school who are in other schools when they are already engaged in the trade.

(4) The age of the candidate at the time of the examination shall not have exceeded 25 years in the case of Standard 6, 17 in Standard 11, 15 in Elementary, 19 in Intermediate and 22 in Advanced examination classes. In the case of Miscellaneous candidates the age limit will be raised by two years.

(5) The scholarship is a given subject shall be awarded to the candidate who obtains the highest number of marks in that subject, provided that he has passed in the first class. Candidates may also secure marks awarded by the head of the school to be taken as to persons whose preliminary examinations are successful. The school of those candidates of the community who are most in need of aid, will, other conditions being satisfied, be first considered.

(6) Candidates who are preparing for a group certificate or a diploma shall have preference over those who are studying single subjects only.

(7) No student shall be allowed to hold at the same time more than one scholarship. If a candidate holds more than one, he shall elect which he will hold, and the scholarship then set free will be awarded to the next most deserving student.

(8) The candidate shall bind himself to prosecute his studies in the subject in which he has passed and for which he is to receive a scholarship in a recognized industrial school.

(9) Scholarships are annually intended for pupils desiring an hour then half their time or a maximum of 18 hours a week in industrial work, but the Superintendent of Industrial Education is empowered to grant the right to exceed a double scholarship in pupils desiring the whole of their time in industrial work, if he considers that circumstances warrant his doing so.

General Regulations.

All applications for scholarships available under this notification should be submitted to the Superintendent of Industrial Education, Madras, by the superintendent of the institution in which the pupil studied in 1912, through the correspondence of the institution in which he intends to study, or printed forms which may be obtained from the Superintendent. All applications should be direct, separate forms should be used for each grade of scholarship. If one form is not large enough, the last should be continued on another form.

2. The applications should reach the Superintendent within three weeks of the publication of this notification, or of the publication of the results of the Government Technical Examinations on which the scholarships are awarded, whichever is later. Those submitted after the prescribed date, will be liable to rejection for that reason.

3. Any scholarship awarded in the course of the period for which it is tenable may be awarded for the remaining period to an eligible applicant in the same year of study as the holder of the scholarship vacated.

4. The names of selected candidates will be notified by the Superintendent in the Fort St. George Gazette.

5. Heads of institutions may grant leave without discontinue or loss of scholarship for a period not exceeding one month to scholars who are absent on emergency of severe sickness; but if the leave exceeds this period no allowance is to be granted for the excess period. Complete leave without exceeding fifteen days in the year, provided such leave does not necessitate provide or recover from the institution, but should be reported to the Superintendent. If a scholarship-holder absents himself without good reason on the 15th or 20th day after the expiration for the institution, the scholarship for the remainder is liable to be withdrawn at the Superintendent's discretion.

6. No person receiving a scholarship under this notification shall be permitted to hold another scholarship provided wholly or partially by Government without the special sanction of the Superintendent. Such sanction will be awarded only for very distinguished merit.

7. Where the order of merit cannot be clearly ascertained, the Superintendent may at his discretion order a further competitive examination among those who are eligible for scholarships.

8. All scholarship holders under the above rules are liable to forfeiture, for inefficiency, misconduct, irregularity in attendance or failure to make due progress or to secure annual promotion.

9. A scholarship held in any class shall run from the beginning of the month in which the holder joins the class and shall not otherwise be drawn after he ceases to attend the class. The scholarships are payable monthly.

10. In all cases where poverty has been made a condition of award, applications will be extensively rejected unless the evidence of poverty such that but for the scholarship the applicant could not continue his studies, is thoroughly satisfactory.

11. In addition to the entries required to be maintained under rule 10 of the Madras Educational Rules an entry book will containing the following information shall be maintained by the heads of the institutions concerned and shall be produced at the time of the departmental inspection of the institution:—

- (1) Number.
- (2) Name of scholarship-holder.
- (3) Standard of scholarship.
- (4) Monthly value of the scholarship.
- (5) Period tenable.
- (6) Number and date of the order in which the scholarship was awarded.
- (7) Month for which the scholarship bill was drawn.
- (8) Date of payment of the bill.
- (9) Date of discontinuance of the scholarship money, and account.
- (10) Signature of the scholarship-holder.
- (11) Remarks.

FAILURE LIST.

The following is the list of failures in the SCIENCE DIVISION of the R.A. DOCTOR EXAMINATIONS (old by laws) held in April 1938:—

[If candidates desire their F.A. certificates and B.A. fees refunded to be returned to them to an address different from that given in their application forms, they should indicate their new address to the Registrar within one month after the publication of the results; if no such indication is received, the F.A. certificates and the B.A. fees will be returned to the addressee given in the application forms, after the 31st July 1938.]

[Candidates who were absent from part of the examination are regarded as having failed in the subjects from which they absented themselves.]

NOTIFICATIONS.

The Madras Provincial Forest Service will be recruited—

(a) from men who have successfully passed through the Provincial Service course at the Research Institute, Dehra Dun,

(b) by promotion of deserving Rangpans,

2. Candidates for the special course of training at Dehra Dun will be selected in September of each year as the requirements of the service may require by a Committee consisting of the Forest Commissioner, another Member of the Board of Revenue and the Conservator of Forests, Central Circle. The selection will be confined mainly to young men who are of good physique and social standing and who are in all respects qualified by previous education; preference will be given to those candidates who have a substantial knowledge of one or more branches of Natural Science, but a knowledge of English and Mathematics will also be required in order to enable those selected thoroughly to follow and profit by the course of instruction. The instructions will be submitted by the Board of Revenue for the approval of the Local Government.

3. Candidates should be prepared to satisfy the Committee in such manner as may be prescribed by the Committee that they possess the requisite physical and educational qualifications to undergo successfully the tests mentioned in rule 5 below.

4. Except for special seasons and with the special sanction of the Local Government, no student will be admitted for the special course who is not between the ages of 18 and 25 on the 1st November of the year in which the special course begins. Candidates must therefore be between the ages of 17 and 24 on the 1st November of the year in which they are selected.

5. Selected candidates will, before deputation, be required to undergo practical training for a period of twelve months, under a District Forest Officer and will be paid during this period a stipend of Rs. 50 with a fixed travelling allowance of Rs. 25 per annum. Candidates are liable to rejection if the results of their practical training are such as to indicate that they are unfitted to prove good Forest officers.

6. Selected candidates will, on arrival at Dehra Dun, undergo such physical test as may be prescribed by the President, followed by a medical examination before a Medical Board; they are also liable to undergo an examination in English and Mathematics to be held by the President.

Note 1.—At present the physical test is a walk from Dehra to Haridwar and back, a distance of 30 or 35 miles to be completed within 2 1/2 hours of leave that may be permitted.

Note 2.—Candidates are required to have sufficient English to follow the course, and in Mathematics should have Arithmetic, Algebra up to and including quadratic equations and simple problems, Geometry, the first three books of Euclid and the elements of Trigonometry including the solution of triangles and the use of logarithms.

7. Before proceeding to Dehra candidates will be required to execute a formal agreement and a security bond with two sureties for Rs. 4,500 that they will serve the department for at least five years after their return from Dehra. The sureties should be persons residing or owning property in British India.

8. Selected candidates, while under training at Dehra Dun, will be granted a stipend of Rs. 50 per annum in addition to actual expenses for journey by rail, creases, etc. They will, on returning to Madras duly qualified, be given a bonus of Rs. 400 to help them to purchase the equipment necessary for their work. Candidates will be paid the usual travelling allowances admissible under the Civil Service Regulations for joining the college at Dehra and for their return on successful completion of the two years' course.

9. Candidates who have obtained the necessary certificates from the Forest Institute, Dehra Dun, will be posted to the Forest Service as Probationary Extra Assistant Conservators, but they may not be substantively appointed to the Provincial Service until they have served as probation for two years and until actual vacancies in that service arise; their pay during the period of probation shall not exceed Rs. 150 per annum and if their probationary period be extended, their pay during the first year of extension shall not exceed Rs. 150 per annum and Rs. 150 per annum during the remaining period of extension.

10. Any candidate who is not appointed permanently to Government service before obtaining the age of 35 may be allowed to count as service towards pension any period of training or probation after attaining that age.

11. Reasons of long service and approved merit are eligible for promotion to the Provincial Service without any further training. When so promoted, they will be appointed first either on probation and confirmed if found suitable.

12. An officer appointed direct to the Provincial Forest Service as Ranger promoted to that service will on permanent appointment be designated Extra Assistant Conservator and receive pay as Rs. 250 per annum, rising by annual increments of Rs. 20 to Rs. 500. They can further be appointed as Extra Deputy Conservator as Rs. 515, rising by annual increments of Rs. 25 to Rs. 650. After an Extra Assistant Conservator has obtained to Rs. 550 a month promotion to the class of Extra Deputy Conservator will depend upon the concurrence of superiors in that class, provided always that no Extra Assistant Conservator will be eligible for promotion as Extra Deputy Conservator unless he is considered by the Local Government to be fit for a major charge. An Extra Assistant Conservator who has served for not less than three years as Rs. 550 a month, and who is considered by the Local Government to hold a major charge but for whom no vacancy exists in the upper subdivision staff, may, however, be given a personal allowance of Rs. 50 a month; and in the case of officers where the Local Government considers it for further increase of pay this allowance may be increased to Rs. 100 a month on the expiry of a further period of four years and to Rs. 150 a month on the expiry of a second period of four years. The Local Government may, by special order in each case, promote an Extra Deputy Conservator after one year's service on Rs. 650 a month to Rs. 500 a month for a period of three years and again to Rs. 800 a month for a further period of three years, and may then promote him to Rs. 850 a month until the close of his service, but promotion to Rs. 700, Rs. 800 and Rs. 850 a month should only be made when the Local Government is satisfied at each step that the individual is thoroughly deserving of such promotion.

NOTICE.

It is hereby notified that one candidate will be selected for direct recruitment to the Provincial Forest Service in July next. Interested candidates should send their applications with copies of testimonials to the Secretary to the Board of Revenue (Land Revenue), Madras. The applications must reach the Secretary before 15th July 1912.

Board of Revenue (Land Revenue—Forest),
Chennai, 23rd May 1912.

W. G. McFARLAND,
Secretary.

No. 10.—Whereas it has been found necessary to take steps to control the preparation, possession and sale of dehydrated spirits in the Madras Presidency, the following rules have been framed by the Board of Revenue, under section 2, Act XVI of 1883, and sections 13 and 15 of the Alkali Act I of 1880, in that regard in pursuance of those contained in Notification No. 11, dated 27th February 1912, published on pages 440-441 of the Port St. George Gazette, dated 6th March 1912. They will come into force at once.

1. Dehydrated spirit is spirit rendered effluently and permanently soft for human consumption by the addition of light carbonaceous and inert pyrites bones wholly made from a mineral source as per specifications appended, or wood-sulphites, or other special dehydrators, approved of by the Board of Revenue.

2. Dehydrated spirits are liable to a duty of 5 per cent. ad valorem: the duty being calculated on the declared retail price of such consignments at the distillery, less the discount, if any, allowed to purchasers and the duty. Distillers should, when applying for a permit, declare the sale price of the spirit at the distillery for the purpose of calculating the ad valorem duty.

3. Dehydrated spirit may be manufactured by holders of distillery licences in the Presidency, provided (1) that the light carbonaceous and pyrites bones to be mixed with the spirit

must first be tested and approved in the Board's Laboratory, (2) that they must be kept under lock and key by, and used under the supervision of, the distillery officer, (3) that they must be used in the proportion of $\frac{1}{4}$ a gallon of light carbolic-acid and $\frac{1}{4}$ a gallon of pyridine base to 50 gallons of the spirit, and (4) that the spirit shall not be of less strength than 50 per cent. overproof. Similar conditions apply to the use of wood-spirits, in the case of wood-spirits of a strength not less than 50 per cent. overproof shall be mixed with equal parts of spirit and that the use of wood-spirits in a highly purified condition will not be permitted. The Board's previous practice should be obtained in cases of special methods of denaturation for spirit intended for use in particular arts and manufactures.

4. Spirit denatured with light carbolic-acid and pyridine base may be imported by sea, but samples must be submitted to the Board's Laboratory and there certified to be fully denatured before it can be received from the Custom-house. In the case of imports by sea from other Possessions a certificate from the Collector of Customs at the port of shipment to the effect that the spirit has been fully denatured may be accepted in lieu of the Board's report. Spirit that is not sufficiently denatured must either be denatured afresh or must pay duty at the full tariff rate. Spirit treated with wood-spirits or other special denaturants can be imported only with the special sanction of the Board.

5. Licensees (M.S.—1) for sale of spirit denatured with light carbolic-acid and pyridine base will be issued by Collectors, free of fee, to responsible applicants on their showing that they have a legitimate demand for such spirit. All such applications should be forwarded to the Collector through the Inspector of the Salt, Alcohol and Customs Department of the Circle in which the applicant wishes to hold his license. No such license will be issued to persons known to sell liquor for consumption on the premises.

6. The holders of M.S.—1 licenses may obtain their supply of spirit from the custom-house or distillery on production of a written permission (M.S.—2) for the removal of the same from the Customs of the district in which the custom-house or distillery is situated. Books of form of application for such permission (M.S.—3) will be supplied to them. These applications should be forwarded to the Collector on a road through the Collector of the district to which the applicant wishes to transport the spirit. The spirit may also be obtained from a depot licensed for the wholesale trade of the spirit in quantities not exceeding 100 gallons at a time or from other M.S.—1 licensees up to a maximum of 40 gallons at a time on presentation of a requisition in form M.S.—4. The licensees are also authorized to sell spirit to any authorized holder of M.S.—1-a license up to a maximum of 20 gallons at a time. The transport of spirit thus sold should be covered by a permit to be granted by the seller to such one. Books of permits (M.S.—5) for the transport of the spirit to be obtained from holders of M.S.—1 licenses in quantities exceeding 20 gallons but not exceeding 50 gallons will be issued to holders of these licenses on application to the Collector of the district to which they carry on their business.

7. Vendors and others requiring spirit denatured with light carbolic-acid and pyridine base for use in their business, but not for sale, will be given special licenses (M.S.—1-a) on application, supported by evidence as to their requirements through the Inspector of the Circle, to the Collector of the district in which they carry on their business. They will be supplied by distillery or through the custom-house on presentation of a permit (M.S.—2) to be obtained from the Collector on application in form (M.S.—3). These licensees may also obtain their supply of spirit from a depot licensed for the wholesale trade of such spirit in quantities not exceeding 100 gallons at a time or from holders of M.S.—1 license up to a maximum of 20 gallons at a time.

8. Holders of M.S.—1 and M.S.—1-a licenses will, on application to the Collector of the district in which they carry on their business, be furnished with books of requisitions (M.S.—4) entitling them to obtain spirit denatured with light carbolic-acid and pyridine base in quantities exceeding one gallon but not exceeding 50 gallons at a time from holders of M.S.—1 license, and in quantities not exceeding 10 gallons from a depot.

9. Similar licenses (M.S.—1-b) will be given to Chemists and others who, for special reasons, require spirit spotted with wood-spirits. The procedure will be the same except that before the license has been given a special authority to import the spirit will be obtainable only from local distilleries and that the licensees will be required to enter into a bond (M.S.—4) with the Collector undertaking to use the spirit for the purpose specified and no other. The form to be used in this case will be M.S.—1-b, M.S.—2, M.S.—3. Persons holding these licenses will also be allowed to sell such spirit up to a maximum of one sealed quart at a time, on the use of it being entered in writing by a competent medical man. Such orders are to be retained by the seller in his stock book until the seller is inspected by an Alkali officer.

10. A special license in form M.S.—1-c will be issued to the Railway Companies in the Presidency for the storage and use of spirit denatured with light carbolic-acid and pyridine base and its distribution to such stations on their respective lines, as may be specified in the license, provided that the licensees enter into bond with the Collector undertaking to use the spirit for the purpose specified in the license and no other. The licensees may obtain their supply of the spirit from the custom-house or distillery on production of a written permission (M.S.—2) to be obtained from the Collector of the district in which the custom-house or distillery is situated on application in form M.S.—3. The spirit may also be obtained from a

spirit limited for the wholesale trade of the spirit up to a maximum of 250 gallons at a time on production of a requisition in form M.B.—8. Books of applications or requisitions may be had from the Collector of the district in which the license is held. The Railway Commission will be empowered to take out separate licenses for individual stations for the passenger and use of the spirit received from the M.S.—6 for premium. The transport of spirit should be covered by a permit (M.B.—9) to be granted by the licensee in each case.

11. A special license in form M.B.—10 will be granted to distillers, who are also manufacturers of denatured spirits, for the wholesale trade of such spirits, manufactured in their distilleries, not exceeding 125 gallons at one time to holders of M.S.—1 and M.S.—4 licenses and not exceeding 250 gallons at one time to holders of M.S.—3 licenses on production of a requisition in form M.B.—8. The transport of the spirit so licensed shall be covered by a permit in form M.B.—9 to be granted by the depot-keeper in each case.

12. The Customs or Distillery officer or wholesale depot-keeper concerned will send an advice in form M.S.—3 of each issue of denatured spirit that is taken to the Inspector of the Circle to which the spirit is consigned. This advice must be sent promptly at the time of issue. No issue of more than 500 gallons at any one time to any one person is permitted from a warehouse or distillery.

13. Unlicensed persons are prohibited from selling denatured spirit, and from possessing more than one gallon at a time. The limit is fixed under section 42 of Act I of 1895. Breach of the rule will subject the offender to the penalties provided in the Act.

14. When insufficiently denatured spirit is again denatured under rule 5 above, the importer will bear the expense.

15. The minimum strength at which imported and locally-made denatured spirit can be sold will be 54° over-proof.

APPENDIX.

OFFICIAL LABORATORY TESTS TO ASCERTAIN THE STABILITY OF SAMPLES OF LIGHT CARBONATE AND PREPARED BRANDS FOR DENATURING ALCOHOL.

Light Carbonate.

1. *Nature*.—By "carbonate" is meant the liquid obtained by the dry distillation of enhanced rubber. By "light carbonate" is meant the liquid obtained by redistilling "carbonate" and collecting that portion which passes over at or below about 20° C.

2. *The specific gravity of light carbonate*.—The specific gravity of light carbonate at 62° F. should be between .635 and .660 referred to water at 15.6°.

3. *Boiling test*.—For the purpose of this test, 100 c.c. of light carbonate should be redistilled in the pyridine testing flask (see specification for pyridine base). Under these conditions not more than 15 c.c. of distillate should pass over at or below 40° C. whilst a total (including the dropings) of at least 70 c.c. should pass over at or below 100° C.

4. *Absence of soluble constituents*.—When 25 c.c. of light carbonate are shaken with an equal volume of water in a stoppered graduated cylinder a clear solution is allowed for the liquid to separate again into two layers. The light carbonate portion should show no appreciable dissolution in volume.

5. *Stability*.—The aqueous layer obtained from test 4 should show no marked acidity or alkalinity when tested with both red and blue litmus paper.

6. *Effect of saturated sulphuric acid*.—At least 70 per cent. of the light carbonate should be soluble in concentrated sulphuric acid. For testing this, 50 c.c. should be measured off into a stoppered and stoppered separating-cylinder of suitable capacity and sulphuric acid should be added, at first with great care and in very small quantities. After each addition of acid, the cylinder should be shaken and cooled to avoid loss of volatile constituents. Sufficient acid must be used (usually about 50 c.c.) for the high coloured layer to become quite fluid so that it can separate readily from the upper layer of anhydrous carbonate. After a final thorough shaking and cooling, the cylinder should be left for about three hours to effect complete separation of the two layers and the lower layer is then tapped off. The almost colourless upper layer should be again shaken with strong sulphuric acid until it appears free from soluble constituents (as judged by the colour imparted to the sulphuric acid) and separated as before after standing. It should finally measure not more than 7 c.c. The acid used should be of specific gravity 1.84 and may be of commercial quality.

7. *Freedom from water*.—Light carbonate should not contain any appreciable amount of water. Any officer engaged in drawing samples for test should certify on the bottle that he has drawn the sample from the bottom of the containing vessel where the water, if present, will be found. For this purpose he should employ a siphon tube of which the shorter limb reaches to the floor of the containing vessel. He should also ensure himself that the sample is collected in a bottle free of moisture.

Pyridine Base.

I. Colour.—The colour must not be darker than that given by two cubic centimetres of concentrated indigo solution dissolved in one litre of distilled water.

II. Miscibility with water.—20 c.c. of the pyridine base should give a clear mixture with 40 c.c. of water; or the mixture only so slightly opalescent that, after standing for five minutes, ordinary news paper type is clearly visible through a layer 18 c.m. deep.

III. Amount of water present.—From 20 c.c. of the pyridine base mixed with 20 c.c. of distilled water is taken (temperatures 14), at least 18.5 c.c. of the base should separate, after having been repeatedly shaken together and allowed to stand.

IV. Turbidity.—Dissolve 1 c.c. of the pyridine base in 10 c.c. of distilled water. Thirste with a small add. of acetic acid and a drop of the mixture gives a definite blue spot on orange-red paper (the blue colour should at once disappear). At least 10 c.c. of the normal sulphuric acid should be required to produce this reaction. (To prepare the orange-red paper, dissolve one gram of copper in one litre of distilled water. Soak filter paper in this and then dry.)

V. Cadmium chloride reaction.—Vigorously shake together 10 c.c. of a solution of 1 c.c. of pyridine base in 100 c.c. of distilled water with 5 c.c. of a 5 per cent. solution of dry fused cadmium chloride. A distinct crystalline precipitate should immediately result.

VI. Boiling-point.—Distil 100 c.c. of the pyridine base by the manner described below. At least 98 per cent. should distil over at or under 120° C.

Method.—100 c.c. of pyridine base are placed in a short-necked copper flask of about 250 c.c. capacity. The flask is arranged on an asbestos stand which has a circular hole of 30 mm. diameter cut in it. To the flask is attached a frustrating column (consisting of a tube 15 mm. wide and 170 mm. long, provided with one bulb) of which the side tube (having 1 c.m. above the bulb joint a 1/4 inch's outside diameter) the cooled part is at least 40 c.m. long. A standard thermometer is placed in the head of the column so that its bulb occupies the center of the bulb of the column.

The speed of distillation is adjusted to 3 c.c. per minute, the distillate being received in a graduated glassy boiler. At least 90 c.c. should distil over at or under 140° C. of a barometric pressure of 760 mm.

If the barometer varies from 760 mm., a correction of 1° C. for each 30 mm. of variation should be applied (i.e., under 770 mm. of pressure 10 c.c. of distillate should come over at or under 140.5° C., whilst under 750 mm. the same amount of distillate should come over at 139.5° C.).

Note.—Pyridine proper is a single definite compound (C_5H_5N) boiling at about 116° C. Pyridine base are mixtures of pyridine with closely allied compounds boiling at various temperatures. They are cheaper and more effective decontaminants than the pure pyridine.

SALE OF SKINS OF WILD ANIMALS.

Notice is hereby given that sealed tenders will be received by the undersigned up to Wednesday the 10th July 1913 for the purchase of tiger, leopard, panther and bear skins that will be received in the Hunter Treasury, Mangalore, from time to time, for a period of two years commencing from 1st August 1913.

1. No tenders will be received after the date above specified.
2. Each tender should be superscribed "Tender for the purchase of tiger skins."
3. Every tender should be accompanied by a deposit of Rs. 20 in cash or in currency notes duly registered.
4. The tender should clearly show the rate offered for striped (Royal) tiger, leopard, black panther and bear skin.
5. Tenders will be opened by the Treasury Deputy Collector who reserves to himself the right of accepting any or all of the tenders without assigning any reason.
6. The successful tenderer shall, within a week of the acceptance of his tender being communicated to him, deposit in the Hunter Treasury, Mangalore, a further sum of Rs. 50 so as to make up a total deposit of Rs. 100, which will be returned to him on the expiry of the term of contract, provided there is no recovery to be made from him.
7. The deposit made by the successful tenderer will be returned to them as any date after the 15th July 1913 on application to the undersigned.
8. Intimation will be given to the contractor as the skins are received from the Tahsildars at the Hunter Treasury and he should have them delivered on payment of their value at the accepted rates within a week from the date of notice, failing which the skins will be sold by auction and he will be responsible for any loss sustained by Government by reason of such sale.
9. All skins whether good or bad, large or small, should be taken at the accepted rates. No objection to the ground that skins are damaged and will not realise proper value, will be listened to.
10. The teeth and claws will also be delivered with the skins when available.

M.H. Ry. Rao Bahadur P. Theppappa Chett

Garu, Esq.

M.H. Ry. Rao Bahadur G. Nanyanar

Chett. Garu.

43. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday the 2nd May 1913.

44. Read and recorded H.O. No. 185, Madras dated 2nd June 1913, specifying Mr. R. H. Hood, to be a Trustee of the Port of Madras and Mr. A. S. A. Westrop, L.C.S., resigned.

45. Read note on the subject of the above damaged cargo by S.R. "Cuba".

Res. Ind. subject to the meeting of Government, to sign a bill after their receipt on the cargo loaded from S.R. "Cuba" in consequence of the fire that took place on board her in the harbour on 26th April 1913.

46. Read note by the Chairman suggesting, for consideration, that no overtime fee be charged for keeping a gate open for the passage of cargo to docks to be used to merchandise and that an address to that effect may be inserted in the Trust's bye-laws, clause 13.

Resolved that Government be addressed with a view to the addition of the following to clause 13 in the Trust's bye-laws:

"No charge shall be made for keeping a gate open for the passage of export goods to docks loaded to merchandise under clause 1 (a)".

47. Read again Port Trust Board Resolution No. 319, dated the 2nd January 1913, submitting to Government a draft proposed by the Board, of a set of Rules for the loading and discharge of cargoes at the Port of Madras.

Read also Government Endorsement No. 288-2 dated the 10th May 1913, forwarding for circulation a letter from the Chief Engineer of Explosives, India, No. 466, dated the 2nd April 1913, suggesting certain modifications of the draft set of Rules.

Resolved to adopt the suggested modifications and to submit the amended Rules to Government for their orders.

48. Read Government Endorsement No. 288-1, dated 26th May 1913, referring for their orders letter from the Government of India regarding the amendment of the Negotiable Instruments Act, 1881, and the regulation of bills dealing with Government promissory notes.

Resolved, to inform Government: (1) that the Board approve of the proposed amendment to the Negotiable Instruments Act to permit the endorsement of Government promissory notes and bills of exchange to two or more parties, jointly, or to one or more of several parties; (2) but that the Board is of opinion that the proposed regulation of bills dealing with Government promissory notes is unnecessary and might interfere with their circulation.

(H-28-4)

49. Resolved that the Chairman requesting sanction to the appointment of a signaller on a salary of Rs. 15 per month that the appointment be confirmed.

50. Read and recorded O.L. No. 167, Madras, dated the 29th May 1915, granting Commander D. F. The Standard Barometer and Thermometer are read at 8 A.M., 10 A.M., 5 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The column of the Barometer is twenty-five feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 238 inches: the average for the same period being 1.92 inches.
